

## Custom Fitting Bridle Measurements

**If you have an existing bridle for your horse, please complete this sheet.**

If you have an existing bridle that fits well, or is just a poor fit in some places, use it as a template to fill in the requested measurements on this page. First, take the measurements of the correct parts of your bridle and record your results below. Then, using the parts that are too big or small, adjust the size to the correct one, mark the bridle and then measure and record. **Please use inches.**

If you are starting from the beginning and do not have an existing bridle, please download the "New Bridle Measurements PDF" on the Custom Fitting Page.

Fax completed forms to 717-294-6547 or Mail to:  
Hastilow Competition Saddles USA, 1684 Hendershot Rd. Warfordsburg, PA 17267
